

# VISION, MISSION, AND VALUES POLICY STATEMENT

## Our Vision Is

To build a world-class fleet of FPSO's/VPU's to serve the needs of the oil and gas industry.

## Our Mission Is

To turn uneconomic oil and gas resources into positive reserves by providing innovative and cost-effective solutions.

## Our Values Are

- |                    |                                                                                                       |
|--------------------|-------------------------------------------------------------------------------------------------------|
| <b>Safety</b>      | Safe, reliable and compliant operations that do not cause harm to people or the environment           |
| <b>Integrity</b>   | Trusted Knowledge, experience and expertise, ensuring we deliver on our promises                      |
| <b>Versatility</b> | The ability to adapt to situations and meet the changing needs of our clients                         |
| <b>Innovation</b>  | Creative progressive solutions evolved from proven technology                                         |
| <b>Reliability</b> | Delivery of projects on schedule, within budget and without risk to people, the environment or assets |

The Amplus Vision, Mission and Values will be communicated to all staff, and be available to the public. This document will be reviewed every two years to determine if it remains suitable and operates as intended.

A handwritten signature in black ink, appearing to read 'Steve Gardyne', with several loops and flourishes.
